

A SIMPLE WAY TO MANAGE MATERIALS

As part of the Voyager System the mobile bin storage carts allow educators to organize, store and distribute learning materials or maker manipulatives. With the design of the Voyager tote trays materials can easily be transferred from storage units to work tables or desks and back. The sleek design is the perfect solution for classroom storage.

BINPK3

MORE THAN JUST A STORAGE CART

The integrated whiteboard back expands the functionality of this unit making it the ultimate storage solution for any learning environment. And because the Voyager storage carts are all metal construction, magnets can be used for added functionality.

FRAME FINISH

Platinum
